Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Eastern University Artificial Intelligence Instructional Equipment for Workforce Development Programs in Fiscal Year 2027. The entity to receive funding for this project is Eastern University located at 1300 Eagle Road, St. Davids, PA 19087. The funding would be used for the purchase of artificial intelligence instructional equipment and computing infrastructure that will support new graduate programs in artificial intelligence, data science, and AI-driven business strategy. The project is an appropriate use of taxpayer funds because it will strengthen Eastern University's ability to prepare graduates for careers in emerging STEM fields while supporting workforce development in the region.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 15 U.S.C. 272.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Mary Gay Scanlon

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Rehabilitation of Runway 9R-27L in Fiscal Year 2027. The entity to receive funding for this project is City of Philadelphia - Department of Aviation located at 8000 Essington Avenue Philadelphia, PA 19153. The funding would be used to support the rehabilitation of one of Philadelphia International Airport's (PHL) primary runways, 9R-27L. The project is an appropriate use of taxpayer funds because it is the third and final package for the rehabilitation of Runway 9R-27; it will complete pavement strengthening on the runway, upgrade centerline lighting systems, mitigate impacts to MALRS/ALSF-2, improve the blast pads, update signage, and apply final grooving and markings.

The project has a Federal nexus because the funding provided is consistent with purposes authorized by 49 U.S.C. 47100 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Regional Rapid DNA Implementation Project in Fiscal Year 2027. The entity to receive funding for this project is Norristown Police Department located at 235 East Airy Street, Norristown, PA 19401. The funding would be used to establish a fully operational Rapid DNA capability for Montgomery County law enforcement through the acquisition of equipment, supplies, and specialized forensic services. The project is an appropriate use of taxpayer funds because it will allow investigators from all 50 police departments in Montgomery County to quickly analyze DNA reference samples and certain evidentiary samples, significantly reducing the time required to generate investigative leads.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in section 1701(b)(9) of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. 10381(b)(9)).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Radnor Trail Extension Project in Fiscal Year 2027. The entity to receive funding for this project is Radnor Township located at 301 Iven Avenue, Wayne, PA 19087. The funding would be used for the construction of a 12-foot wide, ADA-compliant multi-use trail to connect the Radnor Township Multipurpose Trail at S. Radnor Chester Road to I-476 Right-of-Way. The project is an appropriate use of taxpayer funds because it addresses a documented safety need for students at nearby schools by physically separating pedestrians and cyclists from high-volume vehicular traffic, provides essential "last-mile" connectivity to public transit options, and serves as a catalyst for regional economic vitality.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 23 U.S.C. 133.

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Prospect Park Borough Fire Department Apparatus Replacement in Fiscal Year 2027. The entity to receive funding for this project is Prospect Park Borough located at 720 Maryland Avenue, Prospect Park, PA 19076. The funding would be used for the purchase of a new fire apparatus to support emergency response and public safety services within the community. The project is an appropriate use of taxpayer funds because it will enhance the Fire Company's ability to respond to fires, emergencies, and mutual aid calls throughout the region.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Construction of Access Improvements at Main Gate and Broad Street within the Navy Yard in Fiscal Year 2027. The entity to receive funding for this project is Philadelphia Authority for Industrial Development (PAID) located at 1500 Market Street Suite 3500 West, Philadelphia, PA 19102. The funding would be used for critically-needed improvements with the purpose of significantly increasing vehicle throughput, reducing lengthy delays to enter/exit the Navy Yard campus at rush hour, and making the road more efficient, convenient, and safe by removing a physical bottleneck at the Main Gate. The project is an appropriate use of taxpayer funds because the Philadelphia Navy Yard is a major employment center — serving 150 companies, 16,000 workers, and the U.S. Navy's eight onsite tenant commands. Current traffic delays at the primary access point for the campus are a critical concern for anchor employers and will limit their ability to grow in the coming year if this project is not completed.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Montgomery County PA's Emergency Shelter & Housing Stabilization Initiative in Fiscal Year 2027. The entity to receive funding for this project is Montgomery County located at P.O. Box 311, Norristown, PA 19404. The funding would be used to support the development of transitional shelter space in Norristown, where participants receive emergency shelter, intensive case management and housing navigation, and connections to other benefits and services. The project is an appropriate use of taxpayer funds because it will help reduce the number of unsheltered homeless individuals, speed up the transition from shelter to permanent housing, decrease emergency department and law enforcement utilization, improve health and behavioral health outcomes, and increase cross-sector coordination between housing, healthcare, and social services.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for MacDade Boulevard Safety Improvements in Fiscal Year 2027. The entity to receive funding for this project is Ridley Township located at 100 East MacDade Boulevard, Folsom, PA 19033. The funding would be used for the installation of three pedestrian refuge islands along MacDade Boulevard. The project is an appropriate use of taxpayer funds because it is critical to the safety of Ridley Township community members. MacDade Boulevard is a major roadway, and currently, pedestrians are forced to make their own judgement about whether it is safe to cross four lanes of traffic with nowhere to stop along the way and no signals or stop signs.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Localized Flooding Mitigation - Storm Sewer Upgrades in Fiscal Year 2027. The entity to receive funding for this project is Brookhaven Borough located at 2 Cambridge Road, Brookhaven, PA 19015. The funding would be used for the construction of storm sewer improvements at three locations to alleviate periodic flooding. The project is an appropriate use of taxpayer funds because regular flooding in these areas makes the streets impassable, creating a public safety hazard.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Lead Service Line Replacement: Citywide Childcare Centers Initiative in Fiscal Year 2027. The entity to receive funding for this project is Philadelphia Water Department (PWD) located at 1101 Market Street 5th Floor, Philadelphia, PA 19107. The funding would be used to replace approximately 100 lead service lines at childcare and private school facilities across the city of Philadelphia. The project is an appropriate use of taxpayer funds because it is well documented that lead poses serious health risks to both children and adults, and the replacement of lead service lines is required by EPA's Lead and Copper Rule Improvements announced in October 2024.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

I am requesting funding for Improving Patient and Community Healthcare Access via Modernizing Information Technology at FPCSN in Fiscal Year 2027. The entity to receive funding for this project is Family Practice & Counseling Services Network (FPCSN) located at 4700 Wissahickon Avenue Suite 118, Philadelphia, PA 19144. The funding would be used for implementing a new electronic health record system and upgrading critical hardware across FPCSN's network of community health centers. The project is an appropriate use of taxpayer funds because it will strengthen patient care delivery, improve operational efficiency, enhance data reporting and compliance, and support long-term sustainability for FPCSN's community health centers in Philadelphia.

The project has a Federal nexus because the funding provided is consistent with purposes authorized under the Public Health Service Act.

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Improving Mitchell Elementary's Schoolyard in Fiscal Year 2027. The entity to receive funding for this project is The School District of Philadelphia located at 440 North Broad Street, Philadelphia, PA 19130. The funding would be used for the construction of a dynamic playful learning schoolyard at Mitchell Elementary School. The project is an appropriate use of taxpayer funds because it benefits low-income students and families of Mitchell Elementary School, as well as the surrounding Kingsessing neighborhood — a community heavily impacted by gun violence and with a childhood poverty rate of 30 percent. The new schoolyard will offer a space where children can refocus and re-energize for in-class learning, while creating a welcoming space for neighborhood families and improving the environmental health of the community.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

The project is an appropriate use of taxpayer funds because it will create a safe, accessible, and enjoyable public space based on a comprehensive planning process that incorporated both public input and professional guidance.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Goodley Road Culvert Replacement in Fiscal Year 2027. The entity to receive funding for this project is Bethel Township located at 1092 Bethel Road, Garnet Valley, PA 19060. The funding would be used for the replacement of an existing undersized, deteriorating culvert with a pre-cast concrete box culvert that will adequately convey the vast majority of flood events. The project is an appropriate use of taxpayer funds because Goodley Road routinely floods during even minor storm events, and higher intensity storms render the road impassable; Bethel Township has identified the flooding issues at Goodley Road as a priority for road safety and connectivity.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

The funding would be used for the development of a mitigation plan to soften the impacts of existing industrial development throughout the County's waterfront on natural, recreational, commercial, and residential areas. The project is an appropriate use of taxpayer funds because it will improve quality of life for communities along Delaware County's waterfront.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in the Coastal Zone Management Act of 1972 (16 U.S.C. 1451 et seq.).

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Hermesprota Creek Interceptor Rehabilitation and Relining in Fiscal Year 2027. The entity to receive funding for this project is Darby Creek Joint Authority located at 100 East Fifth Street P.O. Box 999, Chester, PA 19016. The funding would be used for rehabilitating approximately 11,940 linear feet of deteriorated sanitary sewer interceptor and 75 manholes along the Hermesprota Creek corridor using trenchless cured-in-place pipe lining and structural restoration. The project is an appropriate use of taxpayer funds because it preserves existing public infrastructure, reduces long-term operating costs, protects the Darby Creek watershed, and prevents significantly higher emergency repair expenses in the future.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Mary Gay Scanlon
Member of Congress

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Chester Transit Center Improvements in Fiscal Year 2027. The entity to receive funding for this project is Southeastern Pennsylvania Transportation Authority (SEPTA) located at 1234 Market Street, Philadelphia, PA 19107. The funding would be used for upgrades to Chester Transit Center, a station on the high-traffic SEPTA Wilmington/Newark Line, to provide a better passenger experience and improve public safety. The project is an appropriate use of taxpayer funds because SEPTA's regional rail system is essential to the economy of Southeastern Pennsylvania and improvements at Chester Transit Center offer a public benefit to both the Chester community members who live and work near the station, as well as SEPTA riders from across the region.

The project has a Federal nexus because the funding provided is consistent with purposes authorized by 49 U.S.C. 53.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Mary Gay Scanlon

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Campus Security Modernization at Widener University in Fiscal Year 2027. The entity to receive funding for this project is Widener University located at One University Place, Chester, PA 19013. The funding would be used to enhance stationary cameras, provide body-worn cameras for some officers, modernize dispatch systems and radio technology, and purchase equipment for redundancy for operational reliability. The project is an appropriate use of taxpayer funds because it augments city and county public safety efforts in a historically high crime area, offering improved interoperability, emergency response capacity, and infrastructure modernization.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in the Byrne Justice Assistance Grants (JAG) program, section 501 of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. 10152).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Mary Gay Scanlon

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for Building the Ardmore Multi-Modal Transit Center in Fiscal Year 2027. The entity to receive funding for this project is Lower Merion Township located at 75 East Lancaster Avenue, Ardmore, PA 19003. The funding would be used to replace aging publicly-owned surface parking lots with a structured, mixed-use parking facility that features integrated commercial space in downtown Ardmore. The project is an appropriate use of taxpayer funds because it will create a safer, more efficient, and economically attractive downtown business district in Ardmore — benefiting commuters, residents, and local businesses alike, while incentivizing additional private investment.

The project has a Federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Mary Gay Scanlon
Member of Congress
